## About Community Crossings

Launched in 2016, the Community Crossings Matching Grant Program provides funding to cities, towns, and counties across Indiana to make improvements to local roads and bridges.

Community Crossings is a partnership between INDOT and Hoosier communities, both urban and rural, to invest in infrastructure projects that catalyze economic development, create jobs, and strengthen local transportation networks.

INDOT holds two CCMG Call for Projects each year, one in January and one in July. Projects that are eligible for funding through Community Crossings include road and bridge preservation projects with Americans with Disabilities Act (ADA) compliance in connection with these projects. Material costs for chip sealing and crack filling operations are also eligible for funding. CCMG awards state funds for **CONSTRUCTION ONLY**; maintenance of traffic is part of construction, and **DOES NOT** participate in contingency fees on contractor contracts.

Details and deadlines for the call will be advertised in the State of Indiana's **GovDelivery** subscription service with a description of each update. Grant awards will be announced by the Governor's Office and posted on the [Local Public Agency Programs](#) website. Click on CCMG Resources below to view the Local Road and Bridge CCMG Guidance Document for Local Public Agencies, Access and Complete the CCMG Application Process, Frequently Asked Questions (FAQ), and examples.

Community Crossings is open to all local government units in the State of Indiana. Match percentages are:

- Cities and towns with a population of fewer than 10,000 will receive funds using a 75/25% match.
- Cities and towns with a population of greater than 10,000 will receive funds using a 50/50% match.
- Counties with a population of fewer than 50,000 people will receive funds using a 75/25% match.
- Counties with a population of greater than 50,000 people will receive funds using a 50/50% match.
